Open the app: manimedicalhanoi.github.io/MMH-CRM/

Product Team · MANI Medical Hanoi · 10/2026

Sign in with your company email

Same account as MMH Report Hub

- 1 Open manimedicalhanoi.github.io/MMH-CRM/ → enter your **@manimedicalhanoi.com** or **@mani.inc** email → **Send sign-in code**.
- 2 Open your mailbox, type the **6-digit code** → **Sign in**. The session lasts 30 days on that device.
- 3 The app opens your team (Dental / Surgical / Eyeless / Thailand Surgical) with the right access. The Thailand team sees everything in English.

Works even when Chrome is signed in to another Gmail account. No code? Check the **Junk / Spam** folder.

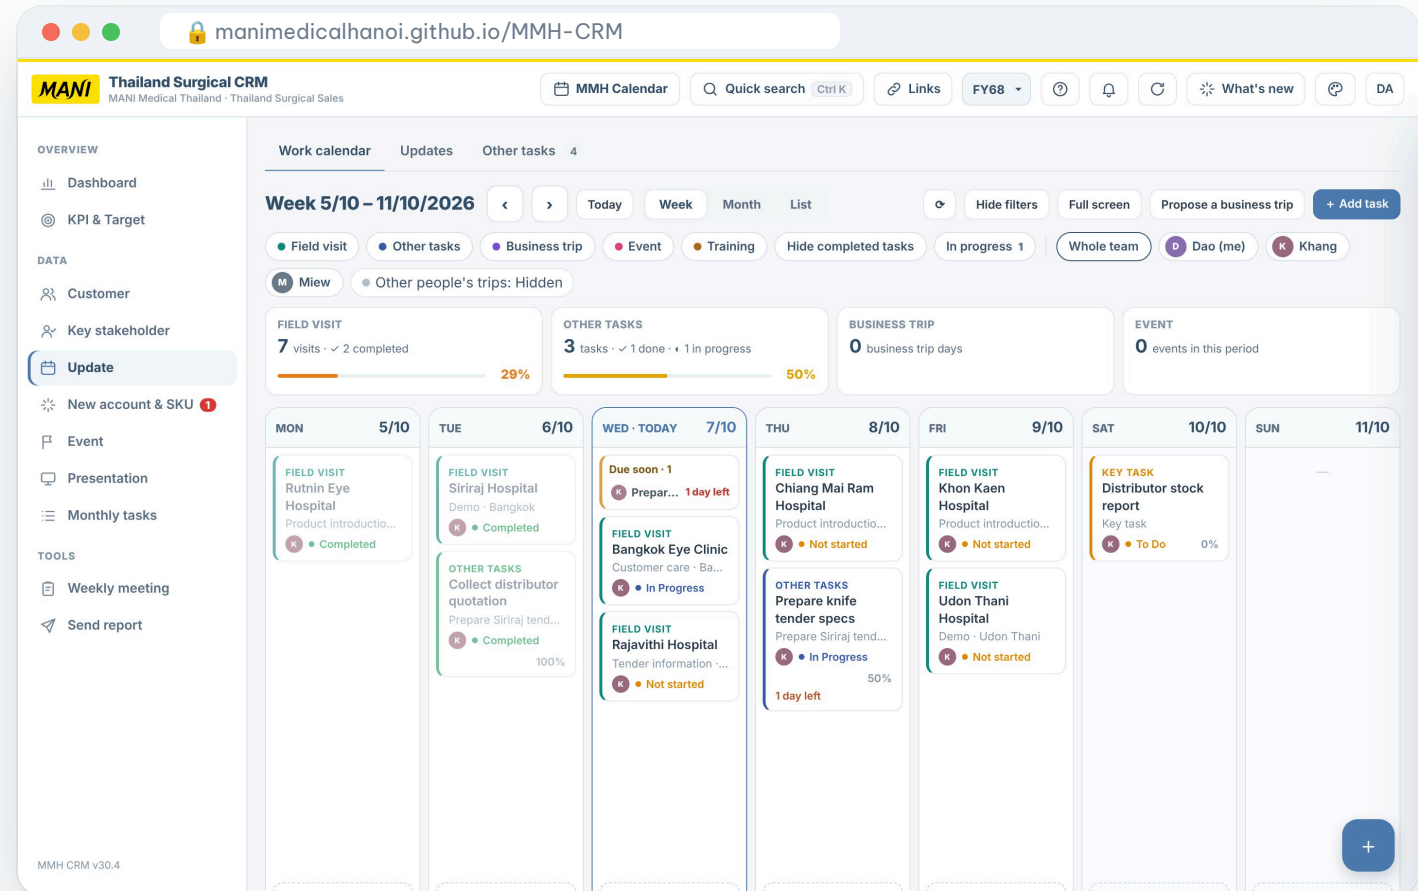

The screenshot shows the MMH CRM sign-in screen. At the top is the MANI logo and the text 'MMH CRM' and 'MANI Medical · Customer & KPI tracking'. Below this is the heading 'Sign in with your company email' followed by instructions: 'Enter your email and we will send you a 6-digit code to confirm it is you. Same account as MMH Report Hub.' There is a text input field labeled 'Company email' containing the placeholder 'your.name@manimedicalhanoi.com'. Below the input field is a blue button labeled 'Send sign-in code'. Underneath the button, it says 'Use your @manimedicalhanoi.com or @mani.inc email.' At the bottom, there is a link: 'Can't sign in? Use your password as before (available until 31/10)'.

Main screen

The app opens on this week's Work calendar

- 1 Top bar:** MMH Calendar · Quick search (Ctrl + K) · Links · FY · What's new · colour theme · your name.
- 2 Side menu:** Dashboard, KPI & Targets, Customers, Key stakeholders, Updates, New accounts, Orders... Managers also get **Current group**.
- 3 Work calendar:** field visits · other tasks · business trips · training. Click a card to update it; click an empty day or + **Add task** to add one.

Card colour = task type; the small dot = status. Overdue tasks are grouped in the red button above the calendar.

Bottom bar · Today · + Quick add

Everything within thumb reach

- 1 Bottom bar: **Calendar** · **Customers** · **Today** · **New accounts** · **More** (all other functions, feed, colours, FY...).
- 2 **Today**: today's tasks, overdue and upcoming ones – the number on the button = tasks not done yet.
- 3 The floating + at the bottom right: add a Field visit · Other task · Business trip request.

The weekly calendar scrolls to today automatically; scroll up to see past days.

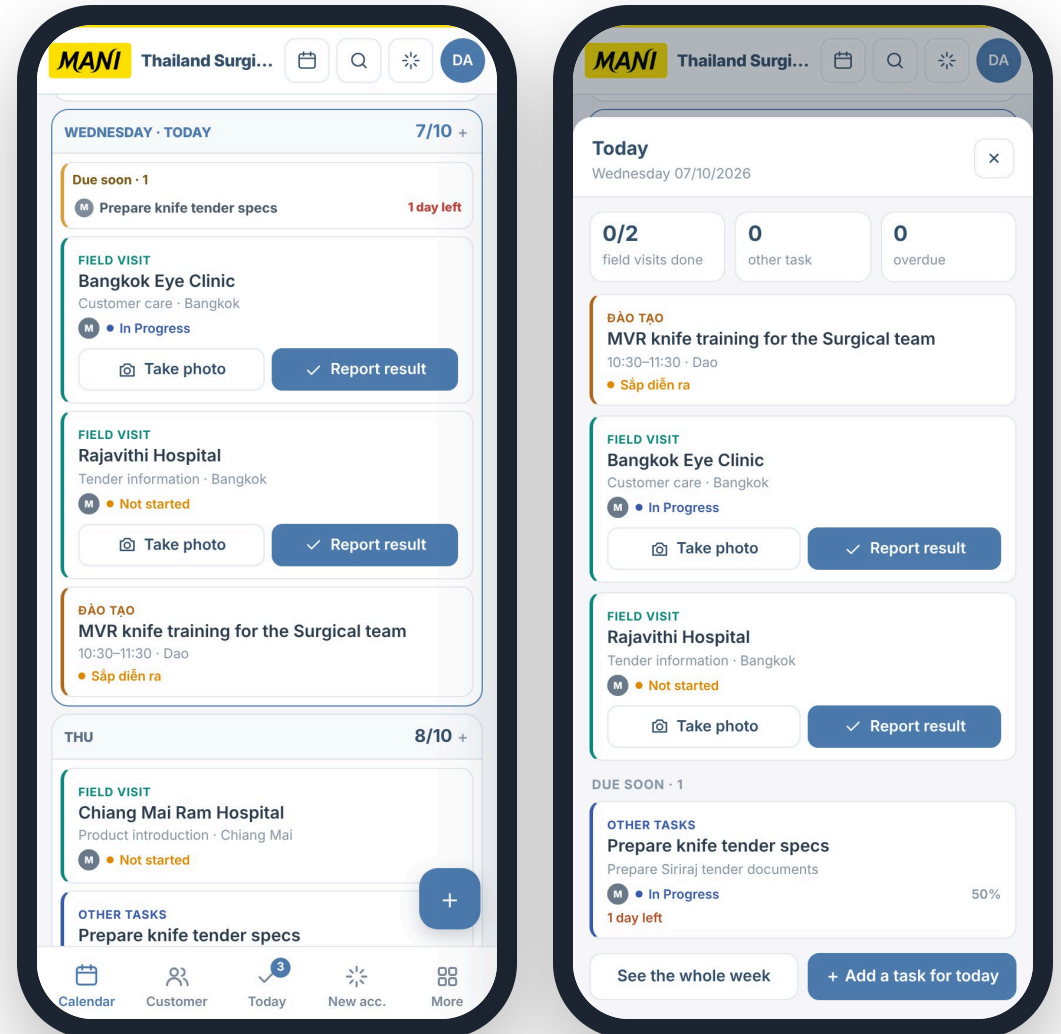

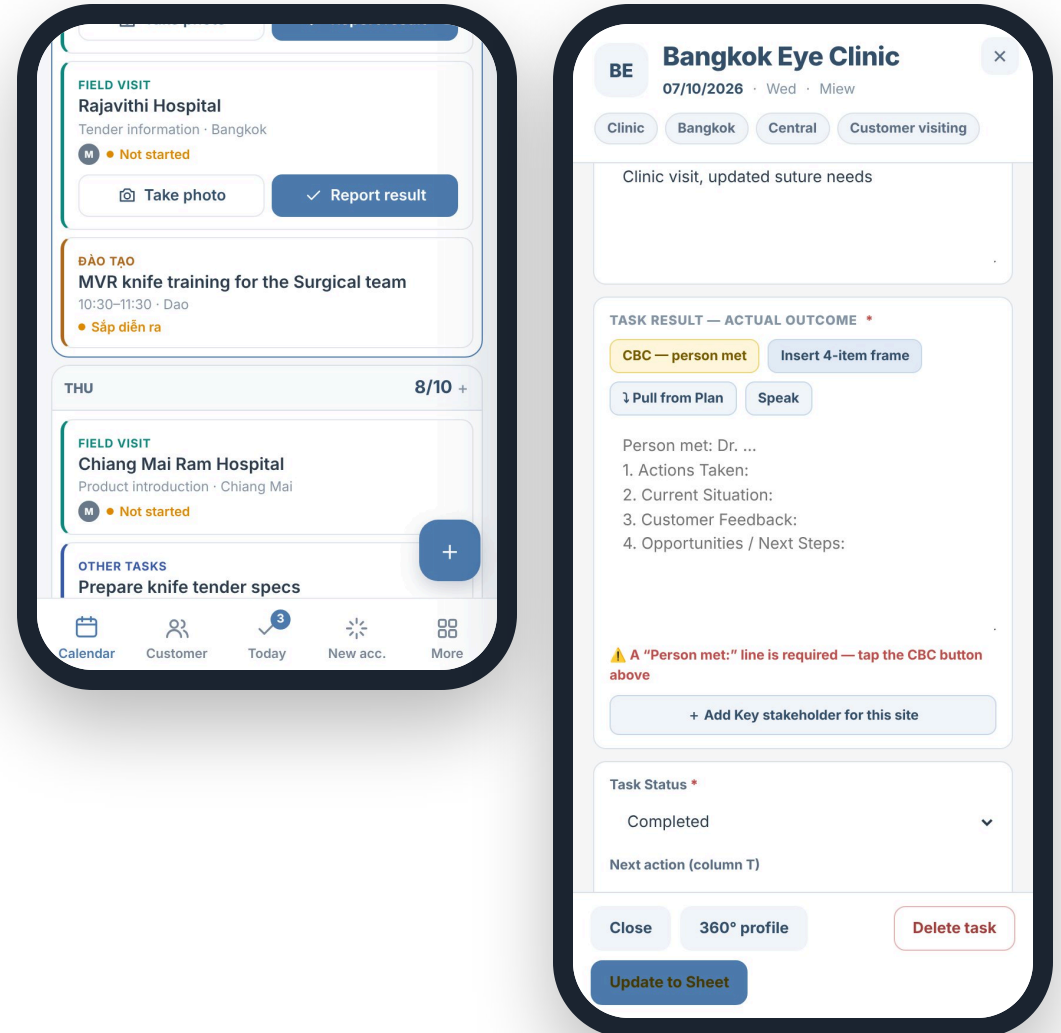

Photo & result in two taps

Today's open field-visit cards have two buttons

- 1 **Take photo** → opens the camera; GPS location and time are attached automatically.
- 2 **Report result** → the form opens with status **Completed**; fill in **Contact met** (CBC), the result, next action and customer feedback.
- 3 **Save to Sheet**: shown in the app immediately and saved to Google Sheet in the background (re-sent automatically on weak networks).

Visiting tasks require a photo taken on the spot – gallery photos are not accepted.

Add tasks & request business trips

Forms open instantly

- 1 Tap + (mobile) or + **Add task** (desktop) → **Field visit**, **Other task** or **Business trip request**.
- 2 **Business trip request**: dates, destinations, co-travellers, purpose, expected result, **estimated costs** (one line per item – Air ticket, Per diem, Hotel...), schedule, equipment → **Send proposal**. It is written to the Business Trip file and an approval email goes to your manager.
- 3 Approved trip: click the trip card ► **Trip report** → Key activities · Key findings · Follow-up → save (a Google Doc is created, the trip becomes Completed).

+ Add task · Wednesday 07/10/2026

Field visit
Customer visit, meeting doctors, demo — saved to sheet 6. CUSTOMER VISITING

Other tasks
Meetings, distributor support, tenders, events... — saved to sheet ALL TASK

Business trip request
Log it into the Business Trip file and send an approval request email right away

Event
Seminar, workshop, wetlab, booth... — saved to sheet REPORT_EVENT (Marketing Offline file)

Cancel

manimedicalhanoi.github.io/MMH-CRM

Business trip request

Destination: select manager provinces
Type a province / city name to search...

Co-traveller: select name
Type the name of the person accompanying you...

Purpose (Objective) *

Expected result *

Estimated costs VND * one item per row — description + amount

Per diem	Amount VND
Description — e.g. Air ticket <td>Amount VND</td>	Amount VND

+ Add expense

Schedule (Timeline) *

24/9 - BKK - CNX - BKK

Equipment-assets in/out *

Laptop

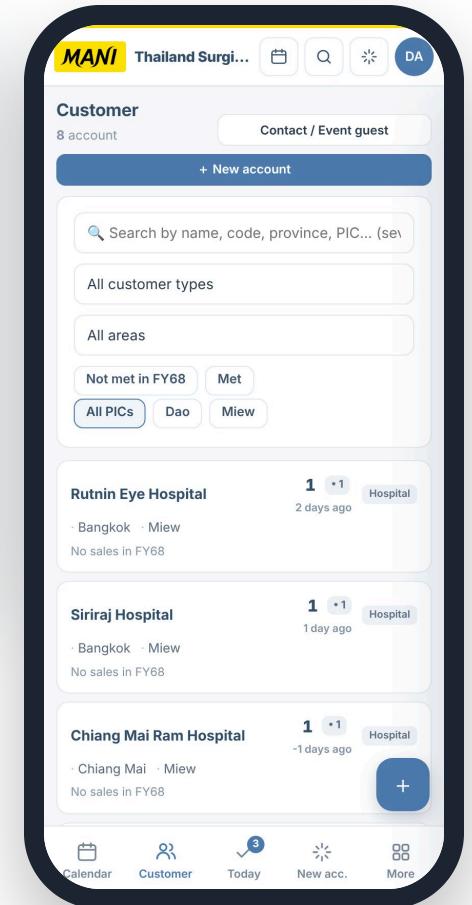

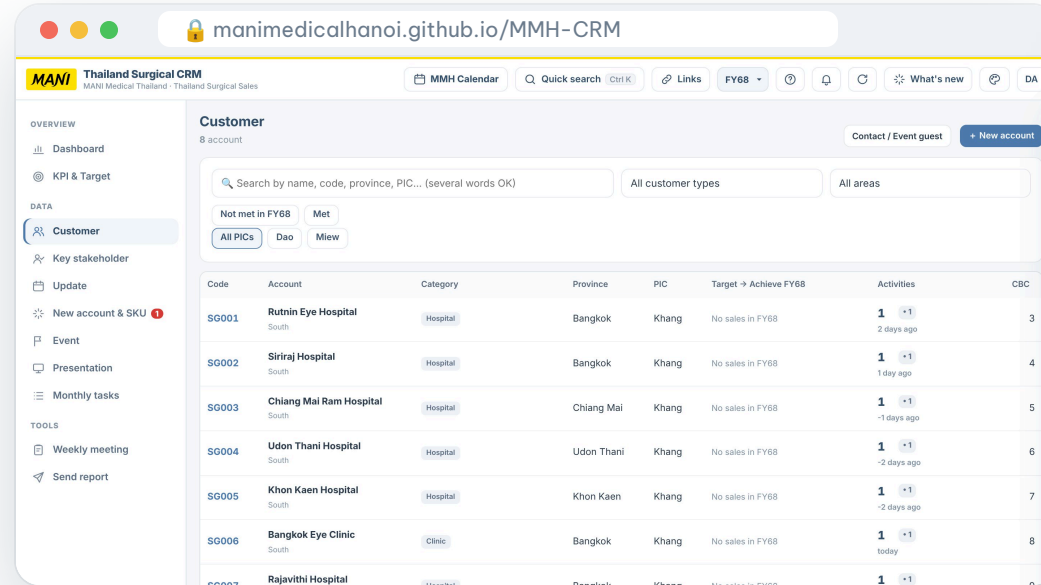

Cancel Send proposal

Customers & contacts

Search by name, code, province or PIC

- 1 Customers:** account list, filter by type / area / ADP group, Not met in FY, sort by sales.
- 2** Click an account → **360° profile:** visits, contacts (CBC), orders, sales.
- 3** + **New account** and **Contacts / event guests** (Key stakeholders) can be added right in the app.

On phones the list is shown as cards: name · type · province · PIC · number of activities.

New-account KPIs by team

Sheets 4. Rule · 5. Member KPI Monthly

KPI	PIC	Team · area
C1-01	Viet	Dental VN · North
C1-02	Vinh	Dental VN · Central
C1-03	Phuong	Dental VN · South
C1-04	Viet Ha	Surgical VN · North
C1-05	Khang	Surgical VN · South
C2-03	Miew	Surgical Thailand · Manipler

Counts **new accounts / dealers** (first MANI order via the distributor in FY68, opened by the sales rep) and **new SKUs** (an account ordering a SKU for the first time).
Counted only in the **month it first happens**, max 130%.

All 4 conditions are required

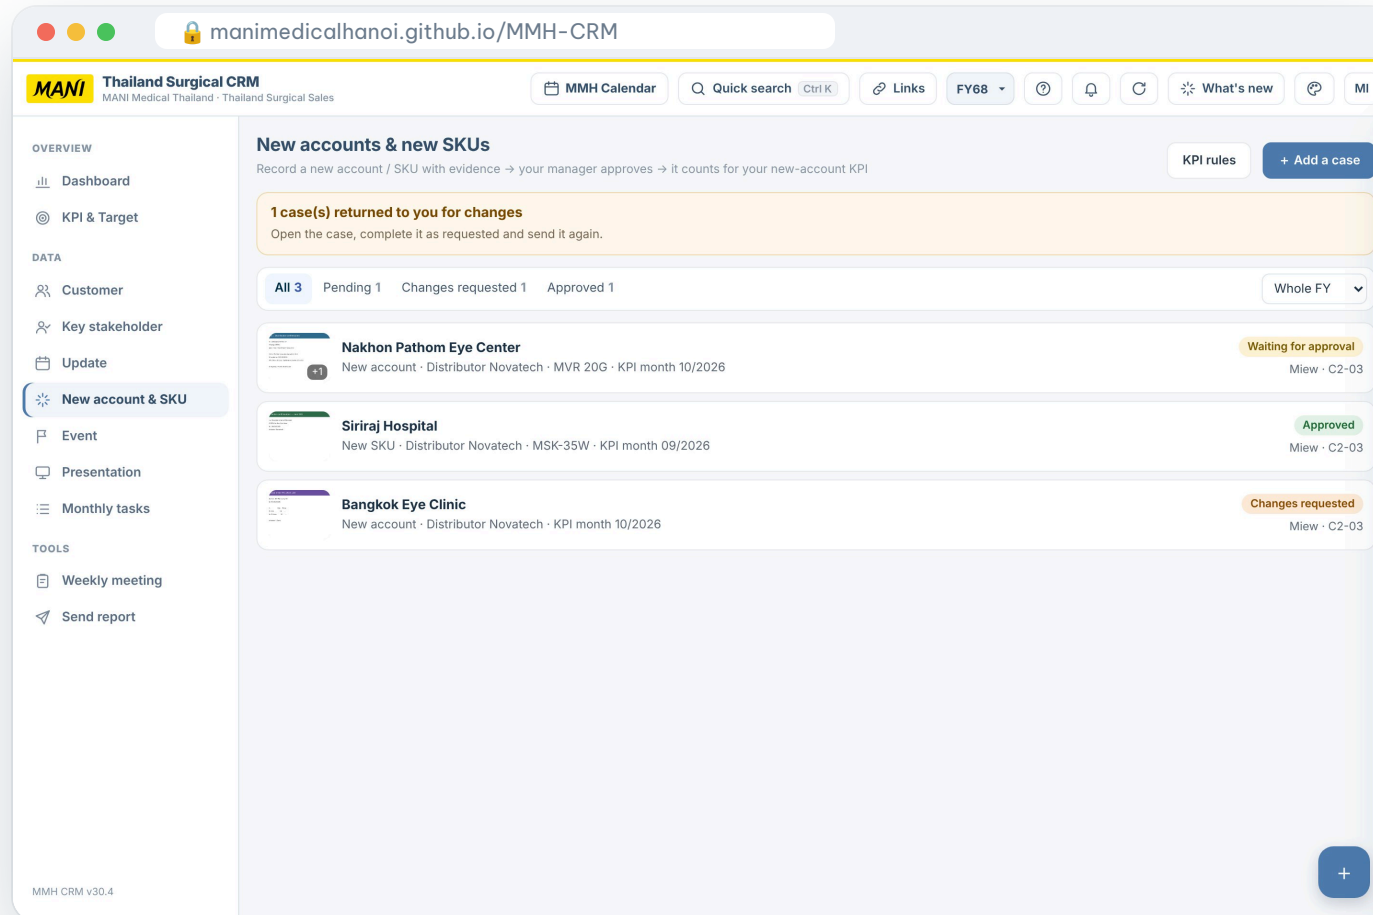

- 1 Care / work history with the account in the **weekly report**.
- 2 **Distributor confirmation** (screenshot of the distributor e-mail / message).
- 3 New account / SKU information in the **required format**.
- 4 Details of the **first order** via the distributor (PO, invoice, delivery note).

The CRM checks these 4 conditions on every case so managers can review quickly.

A cleaner New accounts tab

Menu New account & SKU (phone: New accounts in the bottom bar)

- 1 KPI cards** per PIC: approved cases / FY target, % and cases pending – click to filter by person.
- 2 One filter bar:** All · To review · Pending · Changes requested · Draft · Approved · Rejected, plus PIC and month selectors.
- 3 Compact list:** evidence thumbnail, account, type, distributor, KPI month, status. Click to open.

Add a new-account case

Button + Add a case

- 1 Choose **New account** or **New SKU**.
- 2 Pick the **account** from the customer list (add it in Customers first if missing) and the **distributor**.
- 3 Enter the **distributor confirmation / first order date** – its month is the KPI month; for a new SKU, enter the SKU code.

The yellow bar at the bottom shows what is still missing. You can **Save draft** and continue later.

manimedicalhanoi.github.io/MMH-CRM

New account / new SKU case

1 Case type

New account = first MANI order via the distributor in the FY · New SKU = existing account ordering this SKU for the first time.

New account
First MANI order of the account via the distributor in FY68

New SKU
The account orders a MANI SKU for the first time

2 Account & distributor missing

Search the account in the customer list. The CRM checks the weekly-report history automatically.

Account *
Click to view the list · type to filter

Distributor *
Novatech

3 Date & new products missing

No sales order is needed. Required: complete account info · the **date the distributor confirmed** the opening (its month = KPI month) · the SKU code for a new SKU · a care history in the weekly report · the distributor's confirmation (e-mail screenshot).

Distributor confirmation date *
mm/dd/yyyy

KPI month
📅

New SKU / product codes
Filled from the product lines — one code per line

Before sending, complete: Account · Distributor confirmation date · Evidence file · Tick confirmation 1 · Tick confirmation 2 · Tick confirmation 3
You can still save a draft.

Cancel Save draft Save & send for approval

Evidence & send for approval

Drop files · tick the 3 confirmations · Save & send

- 1 **Drop / paste (Ctrl+V)** the distributor confirmation screenshot (required), PO / invoice / delivery note, tender award... and tag each file.
- 2 Tick the **3 confirmations** required by the KPI rule.
- 3 **Save & send for approval** → your line manager receives an e-mail with the evidence; the case becomes **Pending**.

manimedicalhanoi.github.io/MMH-CRM

New account / new SKU case

New SKU / product codes

Filled from the product lines — one code per line

4 Evidence (drag & drop) missing

Drop or pick files — screenshot of the **distributor confirmation e-mail** (required), PO / invoice / delivery note, tender award. Ctrl+V pastes a screenshot. Files upload at once; tag each file.

Drop evidence here

or tap to choose images / PDF · Ctrl+V to paste · max 15 MB per file

5 Confirmations missing

- ☐ First MANI order via the distributor (new account) / first order of this SKU (new SKU), opened by me — **confirmed by the distributor**.
- ☐ Recorded in the **month of the distributor confirmation**, not counted elsewhere.
- ☐ The **distributor confirmation e-mail / screenshot** is attached and the account has a care history in the weekly report.

6 Note

Context, decision maker, next steps...

Before sending, complete: Account · Distributor confirmation date · Evidence file · Tick confirmation 1 · Tick confirmation 2 · Tick confirmation 3

You can still save a draft.

Cancel Save draft **Save & send for approval**

Review pending cases

E-mail “Approval request” ► Open the CRM · or New accounts ► To review

- 1 The orange “**cases waiting for your approval**” box ► **Review now** (or the round button at the bottom).
- 2 Each case opens with the **steps**, what the sales rep sent and the **4 KPI conditions** (✓ / !) checked automatically.
- 3 **Evidence shown large** on the right; click a thumbnail to switch, click the large view to zoom; PDFs open inline.

The screenshot displays the MMH-CRM interface for a pending case titled "New account · Nakhon Pathom Eye Center". The interface is divided into several sections:

- Progress Bar:** Shows the workflow steps: 1 - Sales creates the case → 2 - Sent for approval (Dao) → 3 - Approved → counts for KPI. Step 2 is currently active.
- Case Details:**
 - Type: New account · KPI C2-03
 - PIC: Miew
 - Account: Nakhon Pathom Eye Center (Hospital · Nakhon Pathom)
 - Distributor: Novatech
 - Distributor confirmation date: 04/10/2026 · PO-2610-118
 - KPI month: 10/2026
 - Product / SKU: Ophthalmic knife, MVR 20G, Knife 2.8mm
 - Order lines: Ophthalmic knife · MVR 20G · Qty 20, Ophthalmic knife · Knife 2.8mm · Qty 10
 - Note: —
- KPI conditions (KPI file ► 4, Rule) · 4/4:**
 - ✓ Care / work history with the account in the weekly report (3 lượt trên báo cáo tuần · gần nhất 2026-10-02)
 - ✓ Distributor confirmation (confirmation file attached)
 - ✓ New account / SKU information in the required format (account and distributor filled in)
 - ✓ First order through the distributor (04/10/2026 · PO-2610-118)

Counted only in the month it first happens · max 130%.
- Evidence (2):**
 - Distributor confirmation · 1/2 (for confirmation)
 - From: sales@icare-dist.vn
 - To: Khang (MMH)
 - Subject: Xac nhan khach hang moi
 - Confirm: BV Mat Long An placed its first MANI order on 04/10/2026: MVR 20G x 20 pcs, Ophthalmic knife 2.8 x 10
 - Best regards, I-Care Distributor
- Manager decision:**
 - Approve ⇒ the case counts for KPI in 10/2026 and the PIC, Director and accounting are e-mailed. Return for changes ⇒ evidence kept, the PIC completes and resends. Reject ⇒ evidence deleted.
 - Comment — required to return or reject (what is missing, why)...
- Actions:**
 - ✗ Reject
 - ↔ Return for changes
 - ✓ Approve

Approve · Return for changes · Reject

3 buttons at the bottom – always visible

- 1 **Approve** → the case counts for KPI in its month; the PIC, Director and accounting are e-mailed.
- 2 **Return for changes** (say what is missing) → back to Draft, **evidence kept**; the rep completes and resends.
- 3 **Reject** (reason required) → evidence deleted, the case does not count.

After each decision the next pending case opens automatically; use < > to move between cases.

Manager decision

Approve ⇒ the case counts for KPI in 10/2026 and the PIC, Director and accounting are e-mailed.
Return for changes ⇒ evidence kept, the PIC completes and resends. Reject ⇒ evidence deleted.

Please add the Novatech confirmation e-mail with the order date.

✗ Reject ↩ Return for changes ✓ Approve

Complete it and send again

New accounts ► Changes requested

- 1 You receive a “**Changes requested**” e-mail; in the CRM the case shows an orange **Changes requested** label.
- 2 Open the case: the yellow box shows **what the manager asked for**; the 4-condition list shows what is missing (!).
- 3 **Edit** → add the files / information → **Send for approval again**.

The screenshot displays the MMH CRM interface for a 'New account' case titled 'Bangkok Eye Clinic'. The case is in the 'Changes requested' status, indicated by an orange box. The interface shows a progress bar with three steps: '1 - Sales creates the case', '2 - Sent for approval', and '3 - Approved → counts for KPI'. The 'Changes requested' section lists the reason: 'Thiếu xác nhận NPP — bổ sung ảnh email I-Care xác nhận đơn đầu tiên.' The case details include: Type (New account · KPI C2-03), PIC (Miew), Account (Bangkok Eye Clinic), Distributor (Novatech), Distributor confirmation date (06/10/2026), KPI month (10/2026), Product / SKU (—), Order lines (—), and Note (—). The 'Evidence (1)' section shows an order document for 'Order PO-2610-118' with customer details and a table of items. The 'KPI conditions' section lists four conditions, with the first two marked as missing (indicated by exclamation marks) and the last two as completed (indicated by checkmarks). The bottom of the interface has buttons for 'Delete', 'Edit', 'Send for approval again', and 'Close'.
